SCHOOL CLOSURE – HOMEWORK ACTIVITIES

Dear Parents/ Carers,

As you will know, schools across England including St Andrew's will be closed to most children from Friday 20th March. We do not know at this point how long the closures are likely to last.

We have provided some books and work activities that the children can do whilst they are at home during the closure period. In order to facilitate these activities, we are sending home with each child an exercise book and pen/pencil. The children have also been provided with CGP study books.

We are keen not to restrict any of our children from being able to undertake these tasks if they do not have access to a printer, so there will be no requirement for you to print out work. Instead we have focussed on activities the children can do at home including providing links to websites with on-line resources etc.

All the work we are providing is optional and we want you to choose, based on your family circumstances, how much and how often you ask your child to undertake homeworking activities. We will NOT be asking for work to be returned, we will not comment on how much or how little has been done and we will not be marking it.

If you have any questions or require our support, you can email us at school using admin@standrews.calderdale.sch.uk. We will do our best to respond to you dependent on staffing levels.

Thank you once again for your support.

Mrs K Smith
Headteacher
