ST. ANDREW'S CE (VA) JUNIOR SCHOOL

"Promoting Excellence Within a Caring Christian Community"

Behaviour Policy

1 Introduction

Our school recognises the importance of a positive approach to the behaviour of children in school. We feel that it is important that children's self esteem is built up at every opportunity and that positive behaviour strategies are put in place.

Children should model good behaviour that the school teaches.
Everyone in school is expected to treat each other with respect.

2 Aims and Objectives

We believe that it is important to:

- ☺ foster positive, caring attitudes to one another and the environment
- ☺ listen to each other
- ☺ support anyone who needs help and encouragement and to nurture the self-esteem of all
- ☺ respond in a polite and thoughtful manner to one another
- ☺ treat everyone in our school family with respect
- ☺ follow the Golden Rules

GOLDEN RULES

We follow Jenny Mosely's Golden Rules in our school. These are:

DO

- ☺ be gentle (don't hurt anyone)
- ☺ be kind and helpful (do not hurt people's feelings)
- ☺ work hard (do not waste time)
- ☺ look after property (do not waste or damage things)
- ☺ listen to people (do not interrupt)
- ☺ be honest (do not cover up the truth)

And in the playground:

DO

- ☺ play well with others (do not spoil others' games)
- ☺ care for your playground (do not damage or spoil anything)
- ☺ keep the playground safety rules (do not break the safety rules)

The playground rules are

- ☺ keep within sight and never leave the school grounds
- ☺ don't talk to strangers
- ☺ obey the whistle/bell
- ☺ play sensibly

3 Encouraging Good Behaviour – supportive strategies

Many of our approaches are based on the Assertive Mentoring scheme. We have rebranded this scheme '*Promoting Excellence*' and it has been adapted to meet the Christian aims of the school – '*Promoting Excellence in a caring Christian community.*' Establishing and maintaining high standards of behaviour is central to our school. We do this in two main ways. Firstly by praising, which can be formal or informal, in public or in private, and for maintenance of good standards as well as for achievement. Good behaviour is not automatically learned and we teach children how to be excellent.

Secondly by the giving of rewards. A range of rewards are used such as:

- ☺ Golden Time; 30 minutes on Friday afternoon of enjoyable, educational activities for Years 3, 4 and 5.
- ☺ comments, smiley faces, marbles in the jar
- ☺ writing the child's name and achievement in the 'Golden Book'
- ☺ praising good behaviour (not the child) in front of peers and sharing achievements with parents/carers
- ☺ giving responsibility
- ☺ Golden Book assembly
- ☺ Bronze(100), Silver(200), Gold(300), Obsidian (400), Titanium (500), Platinum (600) and Head Teacher's Award (800) smiley certificates given about termly
- ☺ Pupil individual targets and class targets
- ☺ Pupil mentoring targets for reading, writing, maths , behaviour and attendance (assertive mentoring)
- ☺ Raffle tickets for good behaviour at playtime
- ☺ Maths wizard
- ☺ Star writer of the week
- ☺ Right on Time
- ☺ Tidy certificates (cloakroom and classroom)

4 Unacceptable Behaviour

We recognise that there will be occasions where children need to be reminded about making the right behavioural choices. At these times, we talk about choices and consequences, rights and responsibilities. Adults in school will discuss the behaviour and not label the child. Our school has no place for bullying (see the Anti-Bullying policy), violence, harassment (racial or sexual), vandalism, rudeness or bad language. Children are allowed 'time and space' to think about making the right choices.

5 Corrective Strategies

The school has agreed behaviour procedures (see appendix) that all staff follow. The children are also aware of the procedures. It means that any poor behaviour instances are dealt with promptly and consistently and that children are dealt with fairly. As a school we make reasonable adjustments to our behaviour policy, where necessary, for disabled children and children with special educational needs (SEND).

On rare occasions, there may be circumstances which require the use of reasonable force to keep a child safe. On such occasions, the aim will be to move a child to a calm, safe space and any action taken will always be reasonable, proportionate and necessary. All members of school staff have a legal power to use reasonable force. Key staff in school are trained to use Team Teach de-escalation and positive handling strategies. Staff will always, in the first instance, aim to defuse a situation. On these rare occasions, a child will always be encouraged to move to an agreed 'safe space' such as our Calm Room. Reasonable force will always be a last resort; it will never be used to punish a child, only to keep them safe.

A child may be excluded for extreme behaviour (see Exclusion Policy).	<ul style="list-style-type: none"> • Liaison with SENDCo • Consider EISA. • Consider external agency involvement. • Consider referral to Specialist Inclusion Cluster group. • We will exclude a pupil as a last resort only. • We will always provide a support mechanism to bring the child back into the class by considering further reasonable adjustments 	<ul style="list-style-type: none"> • Parents/carers informed of decision verbally and in writing. • Child must complete school work at home. • Re-integration meeting with parents/carers and SLT will take place prior to re-admittance back in to school.

Further considerations:

- Children who repeatedly display challenging behaviours will be observed by the SENDCo to consider whether there are SEMH needs; in cases such as this, there will be consultation with parents/carers and a discussion about our SEND register. This will be after discussion with parents/carers.
- Some children may, in discussion with parents/carers be considered for a preventative KS2 PRU placement.
- Children with SEMH will have a range of support in place which may be documented through a range of approaches to include: One Page Plan, PPP, Positive Handling Plan and Risk Assessments.
